

To: Members, Board of Directors
From: *EW* Eric Williams, Ed.D., CEO & President
Date: 5/06/26
Subject: Confidential Board Update

Notes

1. During the recent Development Committee meeting, we discussed committee members identifying donor/volunteer prospects and introducing them to Champions For Learning. Nancy Mireles and I are hosting a brief, casual visit to "Meet the Mission" at the Champions For Learning Office on May 12 at 6 p.m. This is an opportunity for Development Committee members (and other Board members) to invite prospects for a casual visit and tour. There is no formal program – just a chance to connect with a few members of the team, learn more about what we do and observe a portion of workshop session on "Communication" with a group of students and mentors. If you have friends or acquaintances who are interested in attending, they should RSVP to Nancy Mireles at nmireles@championsforlearning.org.
2. Collier County Public Schools (CCPS) was pleased to receive applications from ten elementary schools for schoolwide innovation grants to transform Media Centers. CCPS invited five schools to submit responses to additional questions. The selection of the three schools that will receive the grant is planned to occur before the end of the school year.
3. We are reviewing applications for the Operations & Guest Experience Coordinator (previously entitled Finance and Administration Manager; held by Natalia Harding) and the Chief Program Officer position which was approved in January as part of the program expansion.
4. Examples of other individuals and groups with whom I've met or attended events with since early April include the following: Associate Leadership Collier Education Day (served as a panel speaker); Nonprofit Leadership Academy hosted by Collier Community Foundation (attended two half-day sessions regarding governance and strategic planning with Martha Rozman); Paul Hiltz, President & CEO, NCH Healthcare System; Consortium of Florida Education Foundations Strategic Planning Task Force; Carlos Arttime, CCPS Executive Director of Career & Technical Education; Andrew Stevens; Sophia Shaw, Plan Perfect; and periodic meetings with development consultant Richard Perry.

Emails and Other Documents

Student Programs:

We currently have **31** Pathways to Success mentors and are seeking **6 additional female** mentors. Our goal is to match all mentor/mentee pairs by the end of the school year. If you have friends or family members who may be interested, please encourage them to contact Nicole at 239.643.4633 or nluque@championsforlearning.org to learn more.

Nicole has been coordinating Meet & Greets for new mentors and mentees. Thank you to Yuli for providing exceptional support and guidance as we take on this task for the first time.

Entrepreneurship Program:

The District Finals and Celebration Dinner will be held **May 7 at Bear's Paw CC**.

The competing teams are:

- For Dogs Sake - Naples High
- Lizie's Trees 4 Needs - Naples High
- Unplugged - Gulf Coast High
- Trash Kraken - Aubrey Rogers High
- Medi Magic - Wild Card Pick - Barron Collier High

Each month, I send an email with program-specific updates (Student, Educator, and Entrepreneurship Programs). This month's Entrepreneurship email included a survey inviting volunteers to share their feedback on this year's program.

Educator Programs:

The Golden Apple celebration was amazing! We were pleased to join our CFL colleagues in supporting Marilyn, Wyatt, and Sydney at this special event.

We are preparing for the 2026/2027 Classroom Grant cycle by confirming returning committee members and actively recruiting new members.

General Updates:

The final Volunteer Newsletter of the fiscal year was sent May 1 (attached). I hope you've enjoyed the renewed communication and welcome any feedback you'd like to share.

Starting May 1, Pathways to Success - Foundations mentors will now receive a monthly email with program specific information.

I attended the inaugural Arthrex Volunteer Showcase on April 23. In addition to connecting with new volunteers, I had the pleasure of speaking with a former TSIC student who is now an engineer, as well as the mother of another former TSIC student, Juan Pena, who just last month earned his wings with United Airlines.

Here is a [video](#) of Juan Pena sharing how Champions For Learning made a meaningful impact on his life.

Thank you,

Anne

Make a Difference ~ Volunteer!

"Celebrating 35 years of supporting Collier County Students and Educators"

As we near the end of another remarkable school year, we're filled with gratitude for each of you who made this work possible. Your time, energy, and dedication have created opportunities for students and educators across our community. Whether you mentored a student, supported educator programs, served on a committee, or shared your expertise with an entrepreneurship class, your contributions have truly made a difference.

Because of you, students gained confidence, explored new possibilities, and felt supported every step of the way. You showed up with consistency and care, offering guidance when it was needed most, and helped turn potential into progress.

At the same time, your support for educators has strengthened classrooms across our county. Through your thoughtful review and advocacy for innovative ideas within the Classroom Grant program, to the many hours spent scoring presentations and visiting classrooms to honor excellence in teaching through the Golden Apple program, you have helped ensure our educators feel seen, supported, and celebrated.

As summer approaches, we hope you take time to rest, recharge, and enjoy a well-deserved break. While our programs may slow down a bit, the Champions team will remain hard at work preparing for the upcoming school year.

Thank you for being such an essential part of this work. We couldn't do it without you, and we are so grateful to have you as part of our volunteer family.

Student Programs:

Induction Ceremony: Champions For Learning recently welcomed sixty-seven eighth-grade students into its Take Stock in Children and Pathways to Success – Foundations programs. The ceremony marked the beginning of a journey rooted in promise, purpose, and potential.

A big thank you to Moorings Park for once again hosting this event in their Bower Chapel.

We are still in need of **seven** additional female mentors for our Pathways to Success - Foundations program and would love to fill these spots before the end of the school year. If you have friends or family members who may be interested in volunteering, we would be grateful for your help in connecting us. Please reach out to Nicole at 239.643.4633 or nluque@championsforlearning.org.

Educator Programs:

Classroom Grants: It's hard to believe how quickly this year has flown by; the classroom grant cycle concludes this week! Teachers are working on their Outcome Reports as you read this. Our team is already planning for next year and looks forward to reconnecting with you soon.

Last week Marilyn Daniels was invited to Ms. Smith's art class at Sabal Palm Elementary. Mrs. Smith received funding for all four of her grant requests this year. Her requests included art supplies such as paper and paint glaze for student art projects, as well as art supplies to create sensory tools for improved focus and classroom behavior. It was such a pleasure to visit her classroom and sit with students as they worked hard with supplies at their fingertips!

Golden Apple: On Friday April 17, community members gathered to honor educators from across Collier County. The evening was a tribute to CCPS Teachers of the Year, Teachers of Distinction, and the Golden Apple Recipients. It was a wonderful event recognizing this year's outstanding cohort for their dedication and impact on the teaching profession.

This would not have been possible without the Golden Apple Selection Committee who contributed nearly 1000 volunteer hours during their tenure. A very special thank you for your thoughtfulness and dedication to this program. Please take a moment to watch this [Golden Apple Celebration Video](#).

Watch the **Golden Apple Celebration of Teachers Program!**

Saturday, May 23rd
at 8pm on Gulf Coast NBC

Entrepreneurship Program:

The District Innovation Competition was held April 9, and we're pleased to announce that the following teams have advanced to the District Final Pitch and Celebration Dinner on May 7 at Bears Paw Country Club. We look forward to hearing their final pitches and celebrating the creativity, dedication, and hard work they've demonstrated throughout the year.

Trash Kraken - Aubrey Rogers High

For Dogs Sake - Naples High

Lizie's Trees 4 Needs - Naples High

Unplugged - Gulf Coast High

Medi Magic - Barron Collier High (Judge's Wildcard Pick)

Small Gifts. Big Wins.

You already show up for students and educators in a big way through your time. Becoming a monthly Champion is another simple way to make a lasting difference.

Monthly giving sustains year-round impact with reliable support that allows programs to reach more students and teachers. You can support student success by helping provide scholarships and College and Career Prep Programs; and empower educators through recognition, and classroom resources.

Subject: Development Team: Board Update
Attachments: GA Broadcast Graphic.png

Chief Development Officer (Nancy Mireles)

It is a busy time in the world of Development. The team hosted a very successful Golden Apple Dinner with over 300 guests, completed a spring appeal, submitted two grant requests and a report, working on two new grant requests, providing support to the upcoming Cap & Gown event, continuing donor cultivation and posted several communication pieces ranging in message of celebration, gratitude and opportunity to get involved.

Most recently we have been focused on improving our relationship with the Collier Community Foundation. They invited us to submit a Letter of Intent to support the expanded Pathways to Success program, and after reviewing the LOI, invited us to submit a full application with the opportunity to request funding up to \$100,000. This is a program grant that we have not been invited to participate in, in recent years. Additionally, through this process, the LOI caught the attention of two CCF donors who individually donated \$20,000 and \$10,000 through their donor advised funds. One of these donors is brand new to Champions, and the other had only previously supported our work in 2020 in the amount of \$5,000. These are incredible opportunities that give us confidence in the work we are doing and excitement that we are sharing the story!

The Development committee had a lively meeting a couple of weeks ago to review our current KPI's and to discuss best practices when bringing prospects to Champions For Learning and how to engage our current donors with annually giving. With the feedback we've received, we are diligently working on next year's fundraising plan, visiting a variety of venues and reviewing costs, to best serve our donors and our mission. We will continue to invite Development Committee members to help make introductions to donor prospects as we grow our donor pipeline. To support this work, we have a **Meet the Mission Tour scheduled for May 12th at 6pm at the Champions office**. This is a brief, casual tour opportunity for anyone new to visit with us and learn more about our mission and ways of getting involved.

Annual Giving and Grants (Rebekah Telfer)

The Spring Appeal surpassed last year in terms of dollars raised with the same number of donors. Through April 30th, 16 donors with 24 gifts have been made, totaling \$19,778.04.

The End of Fiscal Year Appeal is currently being planned. This will be an email only appeal with an anticipated drop date of early June to coincide with CCPS high school graduation. The story will feature senior triplets in our program: Maria Cristina, Maria Deisy, and Maria Ines.

We received a \$5,000 sponsorship grant from Publix Super Markets Charities for Golden Apple and were invited to submit a full application to Collier Community Foundation (requesting \$100,000 for Pathways to Success), which is currently in progress. The LOI sparked two gifts from Donor Advised Funds held at Collier Community Foundation to support Pathways—one for \$10,000 and one for \$20,000. I am also working with Marilyn on the final report and budget for our FPL STEM Educator Peer Learning Grant (awarded through the Consortium), and a LOI application to the Fred and Jean Allegretti Foundation (a new foundation).

I submitted the LOI application to the Richard M. Schulze Family Foundation (requesting \$250,000 for Pathways to Success) and the FY26 Naples Children Foundation Q3 report.

Eric, Kristin, and I met with Carlos Artime and Courtney Stahlman with CCPS to talk about the upcoming DeLuca Foundation grant opportunity through the Consortium and discuss project ideas. The grant RFP will be released over the summer.

The League Club LOI will be opening in mid-May, and we plan to submit an application for Pathways to Success.

Naples Children Foundation invited us to select a former student to speak during the "Mission Moment" at their upcoming Board Member. We identified Tyler Knight to be the speaker.

Director of Digital Fundraising & Operations (Sydney Fahrenbruch)

Daily social media posts leading up to the Golden Apple event, along with post-event communications, have increased engagement over the past several weeks. In April, our average engagement rate was 10.36% (up 68% month over month), and our cross-platform reach was 112,405 users (up 84% month over month). Our post-event emails also received an average of 65% open rate for attendees and a 36% open rate for non-attendees.

We will continue utilizing social media to engage users in May, with daily posts for Teacher Appreciation Week between May 4th- 8th, highlighting stories in our Classroom Grants and Golden Apple programs. We will also be posting daily between May 9th and 16th leading up to the Countdown to Cap & Gown event, highlighting our graduating seniors and their accomplishments.

Now that the Golden Apple Dinner event is complete, we are continuing production for the Golden Apple Celebration of Teachers television broadcast, to be aired on May 23rd. We will be promoting the show through our social media and email newsletter to remind the community to watch.

Other communication priorities include planning upcoming acquisition campaigns for Naples Daily News, planning the new donor newsletter to be sent in May, and planning post event communication around Countdown to Cap & Gown.

Director of Special Events (Wyatt Blatt)

A few weeks ago, we hosted our annual Golden Apple Celebration, returning to the beloved dinner format to honor the incredible educators of Collier County. With over 300

attendees in the room, we received overwhelmingly positive feedback, noting how meaningful it felt to celebrate in a more formal, dinner setting.

The final event on our fiscal year calendar is Countdown to Cap & Gown. This special occasion recognizes the hard work and dedication of our students, bringing together graduating seniors, their families, and mentors to celebrate the achievements and milestones they've reached over the past four years. This year's event will once again take place at Alico Arena at FGCU on Saturday, May 16, 2026.

We have also begun planning for the 2026–2027 fiscal year and are currently exploring potential venues for upcoming events.

Major Gifts (Danielle Viens-Payne)

Our major gifts strategy has continued to gain traction, with strong donor retention and meaningful forward movement in both qualification and stewardship. Of the 108 donors who contributed \$5,000 or more during Q3 and Q4 of 2025, 75% have already made a gift or commitment toward the current fiscal year, reflecting both the strength of our relationships and the effectiveness of our ongoing engagement efforts.

The Veritus Group donor qualification process remains a central driver of portfolio development. Through consistent, weekly outreach, sending personalized qualification letters in small batches of 10–20 donors, I have qualified 76 major donors to date. This work is focused within a broader major gifts pool of 249 donors who have each contributed \$1,000 or more, ensuring we are strategically identifying those with both the capacity and inclination to deepen their investment in Champions For Learning.

I continue to prioritize individual donor and prospect meetings to better understand philanthropic motivations and align giving opportunities with our mission. This relationship-centered approach is complemented by the consistent delivery of six-month post-gift impact letters, which provide donors with meaningful updates tied directly to their support.

To further strengthen this work, I meet weekly with our development consultant to refine strategy, evaluate progress, and ensure alignment with best practices in major gifts fundraising.

I am working closely with Mary and Nancy to enhance our donor recognition efforts, including updates to the donor walls. Upcoming recognitions will include Arthrex, and the Martchek and Schoen families.

In preparation for key engagement events, I developed donor bios for Golden Apple attendees and am currently creating bios for the upcoming Cap & Gown ceremony. These tools are strengthening our ability to facilitate meaningful connections, deepen relationships, and maximize cultivation and stewardship opportunities in real time.

Educator Programs

Champions For Learning Educator Programs volunteers committed over 2,000 hours in the last 8 months!! Wow, what an amazing year we've had together!

Classroom Grants Cycle Overview (2025-2026)

It's hard to believe how quickly this year has flown by; the classroom grant cycle concludes this week! Teachers are working on their Outcome Reports as you read this. Our team is already planning for next year's classroom grant cycle, including the volunteer committee, grant platform, and program updates.

Last week I visited Ms. Smith's art class at Sabal Palm Elementary. She received funding for all four of her grant requests this year. Her requests included art project supplies such as paper and tempera paint sets, as well as art supplies to create sensory tools for improved focus and classroom behavior. It was such a pleasure to visit her classroom and sit with students as they worked hard with these materials at their fingertips!

Golden Apple Teacher Recognition Program (2025-2026)

On Friday, April 17, community members came together to honor educators across Collier County. The evening was a tribute to CCPS Teachers of the Year, Teachers of Distinction, and the Golden Apple Recipients. It was a wonderful event recognizing this year's outstanding cohort for their dedication and impact on the teaching profession!

This would not have been possible without the Selection Committee. The Golden Apple Selection Committee contributed nearly 1,000 volunteer hours with CFL this year! During our April committee debrief, Eric, Anne, and Marilyn expressed our team's sincere gratitude for the committee's thoughtfulness and dedication.

Subject: Board Update: Student Programs

Student Programs:

Our Q4 college readiness coaching sessions are almost complete. We held a work session for our Juniors to start their personal statements on April 14th and 15th. SHRM was here to complete the workforce readiness series on April 16th for all grades. The Freshman class attended a workshop on preparing for Sophomore year and the Sophomores attended a workshop on preparing for Junior year the week of the 20th over zoom. Mentors were invited and many attended. On the 23rd, 8th graders attended a Relationship Building workshop. David Lawrence and the Shelter for Abused Women partnered with CFL for this presentation. Mentors attended this workshop and we had a full house. It was amazing to see all the new faces that have joined us. We still have a few Meet and Greets occurring for our new mentors and 8th graders. Matching is almost complete!

Fun CFL Senior Facts as of May 4th:

- 100% graduating from high school
- Average unweighted GPA: 3.49 weighted GPA: 4.45
- \$1,015,904.20 earned in scholarships awarded from Champions For Learning
- 64 out of 77 students
- Our current total is \$1,511,086 for additional scholarships. So far, we have 6 students with full ride awards. Three of those have the UF Machen Scholarship, which is a full ride after aid, so I'm not able to calculate exactly how much their scholarship is worth, as it is different for every student. That scholarship also comes with a \$1000 stipend, I believe per semester. In addition, one of the full ride scholarships is a Quest Bridge.
- 92 % completed the FAFSA
- 399 applications for college were submitted
- 233 college acceptance letters were received
- 19,525 volunteer hours were earned
- 28 students met the eligibility criteria to receive a Florida Bright Futures scholarship

CHAMPIONS FOR LEARNING™

Golden Apple CELEBRATION OF TEACHERS

2025-2026 TEACHERS OF DISTINCTION

Congratulations to our 2025-2026 Teachers of Distinction and Golden Apple Recipients!

Golden Apple is an educator recognition program that unites the community in honoring, thanking and celebrating teachers each year who exemplify teaching excellence. This year, Champions For Learning returned to a beloved tradition of community nominations, allowing students, parents, and members of the community to nominate a Collier County Public School educator for the Golden Apple Award. Over 5,700 Thank-A-Teacher submissions for nearly 1,500 educators were made. Based on community nominations, 58 teachers from 58 Collier County schools were selected as this year's Teachers of Distinction. These teachers shared their best practices, engaging and innovative learning strategies to support student success, with Champions For Learning's community-based volunteer selection committee. After careful consideration and discussion, the committee identified six educators to receive the prestigious Golden Apple award.

Champions For Learning Doubles Student Enrollment with Program Expansion

The Education Foundation of Collier County – Champions For Learning inducted 68 new students into its **College and Career Prep Programs**. These 68 students are current eighth graders from 11 Collier County middle schools and will receive support and guidance from the Champions For Learning team and a Champions For Learning volunteer mentor throughout their high school years to help prepare them for post-secondary education like college or technical education. This year's cohort reflects a significant milestone for the organization, which has **doubled the number of students admitted into its programs** and now has the capacity to **serve up to 470 students annually**.

Learn More

Read more about the Champions For Learning's program expansion and how you can support Collier County students and educators at www.championsforlearning.org

Happy Volunteer Appreciation Week!

To our dedicated volunteers, thank you for the time, talent, and care you share with our students and educators. Whether mentoring students or supporting educators, your contributions open doors, strengthen classrooms, and inspire confidence and growth. Because of you, those we serve are empowered to reach higher and achieve more. We are truly grateful for your dedication and the impact you make each day.
